

The Suncoast Chapter of Project Management Institute takes a leadership role in promoting the advancement of Project Management within the professional community through networking and training in all areas of project management. We strive to work in conjunction with other organizations to support companies, universities, and governments.

The Chapter membership is diverse and includes professionals from a vast range of industries in fields such as Insurance, Manufacturing, Medical, Government, Utility, Telecommunications, and Defense. This diversity contributes to our mission of providing members with opportunities to continue their professional development through formal and informal experiences.

PMI Suncoast offers flexible Sponsorship packages for your business to connect locally with Project Management professionals.
